

Hawk experience walk

To hobnob with the hawk

At Galina you have the unique opportunity to become a falconer yourself and go for a walk with a hawk. We will give you the equipment, an introduction to falconry and a professionally trained hawk.

This will accompany you on your guided walk that lasts around an hour and a half.

Enjoy the mountain landscape and the close proximity to the hawk, which will continue to alight on your arm and then circle above you a little later.

Hawk experience walk

Spring to autumn daily except for Monday
10:00 or 16:00, Duration approx. 90 minutes
